

THE CHARLEROI MAIL

VOL. XVIII. NO. 158.

CHARLEROI, WASHINGTON CO. WEDNESDAY, DECEMBER 19, 1917.

ONE CENT

ADVISE ATTORNEYS WHO HELP ON DRAFT

Many attorneys as well as several thousand young men of Washington county will be busy for the next three weeks giving advice and filling out questionnaires. The registrants as well as the attorneys will be compelled to wade through about 200 questions, the papers to be returned to the various exemption boards within seven days after receiving them, time to elapse from the day the questionnaire is mailed.

In court at Washington on Monday Judge McIlvaine explained at length to the attorneys assembled there the questionnaire and gave suggestions regarding the big task that is to be accomplished in this county in filling out these important papers. Judge McIlvaine, by virtue of his position as president judge of the county, is the official head of the legal advisory board and represents the central committee of the state in the matter of assistance to be given registrants in filling out these questionnaires.

Judge McIlvaine in his talk to the attorneys said that the members of the local legal advisory boards would be required to take an oath of office, and thereupon will be authorized to administer the oath to the registrants. Those attorneys who have volunteered to assist these advisory boards will also be required to take an oath, so that they may too administer oaths in disposing of the questionnaire as filled out by the registrants.

The questionnaires are being sent out from every local district in the county according to instructions from Washington, five per cent each day until the entire quota has been mailed.

ASK REGISTRANTS TO COME THIS EVENING

Hugh E. Fergus, Esq., a member of the legal advisory board of the Fifth District, will be at the high school building this evening at 7 o'clock, where all local registrants who have received questionnaires can be assisted in making proper answers, if they will present themselves at that time. The services of Mr. Fergus are given without compensation and it is urged that all registrants directly interested be present at the hour specified. All questionnaires must be returned to the headquarters at Donora within seven days from the time they have been mailed, and it is necessary for registrants to be prompt in making the proper answers.

CLAIM BREAD IS WASTED BY EXPRESS COMPANIES

Brownsville grocers claim that owing to the congestion of freight bread shipped by Pittsburg bakers to that town is wasted. One shipment was allowed to remain out in the open until the contents of the basket were thoroughly soaked by rain. In this manner it is claimed that thousands of loaves are rendered useless.

Don't worry about money for buying Xmas presents. Your credit is good. I. Birken, 524 McKean avenue. 136-tf.

YANS KNITTING AT COUNTY INSTITUTE

The young lady teachers attending the Fayette County Teachers' Institute at Uniontown were gently rechecked on Tuesday by the County Superintendent because they persisted in knitting while ostensibly listening to the instructors. State Superintendent Schaefer, in opening his remarks, asked that the teachers put down their knitting that they might listen to what he had to say. At that point County Superintendent Carroll took the floor and directed that all knitting activities cease during instruction hours. The young ladies were busy knitting socks, sweaters and scarfs.

REMOVING WEDGE AT NO. FOUR DAM

Workmen at Lock No. 4 are busy at the present time in removing a wedge from the dam at No. 4 for several months. The recent completion of the repairs to the structure made the services of the wedge necessary and it is now in the process of dismantling. After the stones have been removed, efforts will be made to save some of the timbers, after which the steel piling will be removed.

The workmen are also dismantling Derrick Boat No. 1, which was used in the "duck pond" during building operations on the new portion of the dam. Boiler engines and all other equipment will be removed and used on another boat. If it is possible to save the hull it will be done. This derrick boat is the oldest in point of service on the river, having been turned over to the government at the time the Monongahela Navigation Company sold its holdings to the government over 20 years ago.

Way pay big prices when you can save by getting your jewelry, holiday gifts, etc. at Ewald's, 409 Fallowfield avenue. 157-tf.

PACKAGE OF CLOTHING FOR SALVATION ARMY

Chief of Police Albright has received a package of clothing and a number of toys from O. E. Griffith, of Fredericktown, which the sender wished delivered to the Salvation Army. Chief Albright will make the delivery as requested, and no doubt the donation will be a welcome addition to the other articles which the Salvation Army hopes to receive at the coming Christmas.

Diamond rings or lavalliers. Your credit is good. I. Birken 524 McKean avenue. 136-tf.

Mrs. L. R. Castor, daughter of Ira L. Nickerson left Charleroi Tuesday morning for her home in Albany, Oregon, after a six weeks' visit with the home folks.

Make this a Jewelry Christmas. Nothing lasts as long as Jewelry the ideal Christmas Gift. Plenty to pick from at Porter's Jewelry store 302 Fallowfield avenue, Charleroi, the store with the big street clock. 158-tf.

Doing Something You May Not Want to Do

With but two exceptions all of the boys go to be soldiers. Very few in the country chase soldiering as a career. Father wanted the boy in a peace of Mrs. Tom P. Sloan at Lock No. 4, and Miss Julia Trnasky has taken up the work in the fourth district, composed of the territory between Seventh and Eleventh streets and McKean to Washington avenues.

Two districts yet remain to be looked after, the Eighth, from Seventh to Eleventh and from Washington to Crest avenue and the Eleventh district, from Seventh to Eleventh streets and from Crest to Woodland avenues. There are probably just now more people in the United States doing what they don't want to than at any period in our history.

And as a rule they are remarkably good natured about it.

The drafted men don't like going to camp. They're doing it.

Few of them would select as a preferred occupation sleeping in a ready barracks, getting up at 5:30 in the morning, eating at a table of rough boards, washing their own plates, hiking miles each day, pulling stumps, scrubbing floors and all that. Yet they are doing it and singing in the job.

Parents did not want to let their

LEWIS PROMISES STARTLING EVIDENCE

Col. Isaac Newton Lewis, inventor of the Lewis machine gun, who promises startling revelations when he appears before the Senate investigating committee on Saturday next. Although Col. Lewis is most reserved and expressed a request not to be quoted as giving premature statements before he appears at Washington, he declares that he is going to be entirely frank as the time has come when he must be so.

Col. Lewis has been visiting with his brother Homer Lewis, at Leckrone, a small mining town near Uniontown. His testimony promises some startling revelations, but he would give no intimations as to details, saying that he desired to give it to the Senate committee first hand.

Marble and Granite Display
Two car loads of granite and marble monuments, just unloaded, are now on display at the show room of the M. T. Crowley Marble and Granite Works, 325 McKean avenue. 138-tf.

For the Boys in Camp For Friends at Home

WHAT more useful and enduring Christmas gift than a Parker Self-filler?

Used in the armies and navies of the world.
Your soldier boy will find daily use for a Parker Self-filler. The Parker is used in the armies and navies of the world because it's SAFETY-SEALED—no holes in wall of barrel—ink cannot ooze or leak out to soil hands or clothing, as with the old style "hole in the wall" or lever type of pen.

In event of accident to interior mechanism, the Parker automatically changes from a self-filler to a non-self-filler without interruption of service.

Come in and inspect our assortment.

MIGHT'S BOOK STORE

YS OPTIMISM IN THE U. S. IS FOOLISH

Col. Isaac Newton Lewis, inventor of the Lewis machine gun, who is visiting with relatives in Fayette county, made it very plain in an interview on Monday that America must drain the cup of bitterness and sacrifice to the very dregs before Germany can be driven to such a defeat as will end the war made in Germany with a peace made in Berlin. He predicts that before the war is ended America will be exhausted financially and commercially and he further adds, "I dread to think of the loss of life."

WILL CEASE EXTRA PAY TO SOLDIERS

On and after the first of the new year the American Steel and Wire Company, at the order of the United States government, will cease paying the enlisted men a percentage of their salaries as has been the custom during the past two years.

When the National Guard was ordered to the Mexican border in the spring of 1916 the Steel Corporation continued on their pay rolls all employees who were in the government service, and also extended the same generous offer to the men who enlisted later for duty.

When the break came with Germany the plan was continued, and no wage enlistments mills like those of the nation's fighters. When the draft law was enacted and military proposition assumed such a character as was of course impossible for the mills to extend the plan to include the hundreds drawn into the draft.

When the break came with Germany the plan was continued, and no wage enlistments mills like those of the nation's fighters. When the draft law was enacted and military proposition assumed such a character as was of course impossible for the mills to extend the plan to include the hundreds drawn into the draft.

DATES SELECTED FOR BENEFIT PLAY

Tickets are now on sale for the benefit performance to be given for the police ambulance fund. The dates announced for the presentation are Thursday and Friday, January 24 and 25, 1918. Tickets are now being sold by the borough officials. The play will be given in the Charleroi Town Vernon Hall and the cast has been selected from the best talent in the valley. Leading roles will be taken by Charles Feste, John Kelley, Ed Thorst, Ed Wolfe, C. W. Alington, Jr., and Miss Gustave Kruehl. Arrangements are being made to secure special scenery and no expense will be spared to produce a rural comedy drama that will come as a breath of new merriment to the audience. The play selected for the occasion is "My Friend From Arkansas."

The Diamond you want is here and no matter which one it happens to be ask you to try to match it at full 25 per cent more. We have fine white and blue white quality stones of perfect cutting in all kinds of mountings desired. H. Porter Jeweler and Optician, 502 Fallowfield avenue, Charleroi, Pa. 158-tf.

NAVIGATION IS VERY DIFFICULT

The steamer Duquesne with two raw steel barges in tow, went through Lock No. 4 about 10 o'clock Tuesday night on the way to the sixth pool. The Captain, however, was doubtful of getting beyond Brownsville. If the ice got too heavy, the boat would be up. It had been decided not to back the steamer through the ice, thus breaking the buckets and arms on the wheel, as the structure was only recently repaired and put in good shape.

The steamer Vestaw was compelled to stop at the bank on Tuesday in order to have her wheel rebuilt, having backed the old one to pieces while backing up and down the river through the heavy ice. Reports from Lock Four say that the ice will measure from 5 to 7 inches in thickness in the third and fourth pools, while in the sixth it is reported as being eight inches thick. Navigation on that part of the river is practically suspended. The Braddock and Juniata of the American Steel and Wire line are making strenuous endeavors to keep the mills at Donora in fuel. Coal is being secured at mines in the fourth pool and at the Ella mine in the third pool, but with all of these facilities it is very difficult to keep the mills supplied. It is necessary to load the crafts very light, owing to the low conditions of the river that they can be anchored under the hoists at the Donora mills. No relief is in sight to navigators at the present time, and as a consequence boating is going to be a difficult proposition on the Monongahela for several days to come.

LICENSE COURT IS NEAR AT HAND

The time for the annual filing of applications for the renewal of liquor licenses, both wholesale and retail is again near at hand. The time limit in which they are to be filed is the first Monday of January, at 5 o'clock in the evening of that day. The first Monday the coming year does not come until January 7. Last year it came on the first day of the month. All remonstrances against license applicants must be filed by the last Monday of January.

On account of the strict regulations the court has imposed on holders of licenses in this county, and the fact that the court has not encouraged increasing the number of licensed houses, there has not been so much interest in license court the past few years. Dealers in intoxicants under these circumstances have been very careful in conducting their business and as a consequence the number of remonstrants have not been very large.

A YOUNG MAN'S WAR.

Not only are politics to be elimi-
nated from the 25th Division, the
Pennsylvania National Guard, but
likewise all officers whose age would
be a handicap in European service.
It is given out that no favorites are
to be bottom—the entire Division from
top to bottom is to be combed and
those officers found to be physically
unfit as well as advanced in years
will be relieved of their commands or
the duties to which they have been
assigned.

The War Department's decision to
eliminate politics was emphasized by
the appointment of Gen. Charles
Muir of the Regular Army to be the
commander of the Division. Now
comes the announcement that all offi-
cers, be they generals or otherwise,
are being retained only where the
department considers that they are
available. Men who have seen years
of service in the Guard, and who may
be competent drill masters as well as
good officers, will not be retained if
they have passed the War Depart-
ment's dead line.

Word from Europe is, that this is
a young-man's war. It is useless to
send men who have passed the age of
middle life, the service being too stren-
uous. Even Regular Army officers
who have gone abroad in commanding
positions have been returned to this
country, because of the fact that
their age made them unavailable for
the duty which they would have been
compelled to face.

These men might last for a day, a
week or a month, but eventually they
would have to give up and the com-
mand go to a younger man. The gov-
ernment is going to anticipate this
phase and retire these officers before
the units leave this country. It is re-
ported that out of the many Colonels
commanding National Guard regi-
ments in the country, and who were
examined last summer, but twelve
qualified to command a Regular Army
regiment, one of these being Col.
Richard Coulter of the Fighting Tenth
of Pennsylvania. Col. Coulter, now
promoted to be Brigadier General,
is on an observation tour along the
western battle front.

THE AMENDMENT

Regardless of what opinion may
be on the prohibition question, we
are going to face it in another of its
phases during the coming seven years.
It will be a vital question in every
state in the Union, and all of the
people, at least all of the voters, will
have an opportunity to express their
opinion one way or the other.

The adoption of the prohibitory
amendment to the National Constitu-
tion would mean a "dry" nation. Be-
fore we can reach that stage it will
be necessary for 34 out of the 48
states to approve the amendment,
and if this can be done, national pro-
hibition will be a reality.

On the other hand if 25 states out
of the 48 should approve the propos-
ed amendment within the specified
time, then it would fall and conditions
would be very much the same as they
are at the present time.

During these coming seven years,
however, we are going to see some
srenuous campaigning. Both sides
will muster their strongest arguments
and their strongest talents, that their
phase of the situation may be pre-
sented to the people in its best pos-
sible light. Just how that publicity
will be attained is a matter for future
consideration. No doubt it will be
an efficient plan, which will reach all
of the people in the most effective
way, for the fight is not going to be
walk-away with either side. With
the amendment before the people we
are going to hear much about the
prohibitory amendment between now
and the day we elect the members of
the legislature who will pass in judg-
ment on this piece of legislation.

A PARTISAN BOARD.

The entire membership of the Ful-
ton county, Georgia, exempted board
has been summarily dismissed by or-
ders from Washington, on charges in-
volving "unwarranted exemptions
and discharges." It was found that

out of 516 white men who were called
before the board, 526 were exempted,
while of the 202 negroes summoned
for examination only six were ex-
empted.

Evidently this board believed that
the burden of patriotism of that sec-
tion was to be borne by the black
man, and appeared to have but little
sympathy for the white man. The
boarder men when it came to send-
ing them to the service. It is a sig-
nificant fact that out of the ten
states which failed to supply their
quota of volunteers for the Regular
Army service, eight of them were
in the south. Wisconsin and Ver-
mont were the other two. If the ac-
count is correct there need be no wonder
that Georgia county board is
that section of the Union is not
contributing its proper share of the
present war burden.

FOR THE UNPATRIOTIC

The Knoxville War Service Union
composed of all classes of citizens
of Knoxville, that progressive bor-
ough adjacent to Pittsburgh, believes
that it is proper to "Hang the traitors
and shoot the spies." Moreover
they give expression to this senti-
ment openly and publicly and say
that if occasion warrants, that is the
case that those who are unpatriotic
enough to be in either of the above
classes will get. The time will soon
be here when the United States will
realize the fact that we are in the
great world's war. When the casual-
ty list shall come in will then be
ready to take account of those whose
sinning and actions in the various
communities have been open to sus-
picion, and those traitors who dare
to attempt any of their underhand
work are apt to get what the Ger-
mans started out to give the civil-
ized world-frigtness.

LARGE ORDER FOR SURGICAL DRESSINGS

The Charleoi Chapter of the Amer-
ican Red Cross is working on a rush
order for over 4,000 surgical dress-
ings. The Chapter received the or-
der about two weeks ago from Nat-
ional Headquarters and the time limit
for delivery was fixed for the 31st
of December. In order to make de-
livery in the time specified, the la-
dies have been working every day
and late into each evening, that the
dressings may be on time for ship-
ment. The California Auxiliary is
making up some of these dressings,
but it will take every moment of
spare time of the ladies in order to
complete the requirements. For the
time being work has suspended on
other hospital supplies, that this ur-
gent order may be completed and de-
livered within the time specified.

FORMER CHARLEOI GIRL MARRIES JACK PICKFORD

A special from Los Angeles, Cal.,
says that Miss Olive Thomas, a former
Charleoi girl, and now a star of
the movies, was married to Jack
Pickford, also one of the leaders in
the movie world.

George W. Campbell,
Died, December 17 at 3:50 p. m.,
George W. Campbell, at his home
near Ebenezer church, Fellowship
township, in his 65th year. Funeral
services will be held at his late home
Thursday afternoon at one o'clock.
Interment in H. W. cemetery.

OLD SOLDIERS WANTED IN HOME GUARD SERVICE

Old soldiers past the age where
they are acceptable for line service—
men who have at any time served
honorably in the Army even those
whose last service was in the Span-
ish American war—will be accepted
as recruits for the United States
Guard now being organized to re-
place fighting troops on home duty.
Soldiers even up to 60 years will be
accepted if they are physically fit
for the work. Heretofore no men
over 40 years of age have been ac-
cepted.

LOCAL ATTORNEYS ARE APPOINTED EXAMINERS

In the cases of Pauline Williams
against Charles Williams, and George
C. Smith against Mary A. Smith, Guy
E. Moffat has been appointed exam-
iner. In the case of Alex Stepleski
against Mary Stepleski, Hugh E.
Fergus has been appointed examiner.

COMPLIMENTARY DINNER TENDERED SAM STONE

A complimentary dinner to Sam
Stone, in honor of his birthday anni-
versary, was given on Sunday last
at the home of Mrs. Werley, 306
Hallowfield avenue, which proved to
be a very enjoyable occasion. The
honored guest was the recipient of
many kind wishes on the part of the
guests, of whom there were eighteen
—a few of whom were from outside
Charleoi. Those present, besides the
honored guests, were Mr. and Mrs.
Fox, Dr. Hetrick; Dr. Elder and Dr.
Brown of Pittsburgh, J. Elder, Walter
German, Miss Elizabeth Velleg,
Miss Ray Jacobs, Barney White of
Pittsburgh, Mr. Day, Miss Wein, Miss
Losenbloom and Miss Cooper. Mr.
Stone is the Pittsburgh correspondent
of the New York Telegram as well as
being employed at the Woodward
furniture store.

A Viewpoint Toward Food Admin- istration.

Most of our foodstuffs are made up
of different constituents. A potato
is largely composed of starch, where-
as beefsteak is largely composed of
nitrogen or protein. Starch repre-
sents so many heat-producing units,
and beefsteak likewise produces its
own quota.

This is so when you consider the
matter from a laboratory standpoint,
but if you made a test of the same
values by feeding these foods to hu-
man beings, you would find the val-
ues varied greatly because of the
variations of the human of organic
machinery which handled them.
Starch, for instance, in the cases
of some individuals, passes
through the digestive system
without the body assimilating
it and obtaining the addition
of its heat units. In the cases of
other individuals, the same thing
would happen with beefsteak.

For this reason, we must remem-
ber, when advising foodstuff for a
community, that what is one man's
meat is another man's poison. Thus
it behooves those who have the power
to regulate foodstuffs for a com-
munity to be liberal enough in draw-
ing up their lists to meet the de-
mands of the different capabilities of
the digestive system of the different
individuals. In other words, one
capable of making a national selec-
tion must have a thorough knowledge

of the physiology of foodstuffs. Over a long series of years produc-
The people of the State of Penn- ing starvation.

Another Short Talk with our Patrons and Friends

We have already illustrated to you how SMALL LEAKS cause
Large Bills. We will now endeavor to show how a small loan costing
1-2 of 1 per cent interest will save 4 1-2 per cent on deferred payments.

Six delinquent accounts taken at random from our books as follows:

Quarterly Bill	5 % Penalty for Non Payment	Amount Saved by Prompt Payment of Bills
\$ 10.50	\$.53	\$.48
13.25	.66	.59
28.49	1.42	1.28
36.16	1.81	1.63
12.50	.63	.57
32.57	1.63	1.47
\$138.47	\$6.68	\$6.02
1-2 of 1 Per Cent Interest		
\$.05		
.07		
.14		
.18		
.06		
.16		
\$.66		

The six delinquent accounts, show you that these six consumers paid five per cent
penalty, or \$6.68 by failure to pay their bills promptly. This is an absolute waste that
does neither of us any good, as it costs the company almost five per cent in added work
and expense of account keeping and collecting.

They could have borrowed from their bank the required amount to settle their bills
at the regular rate of interest of six per cent for one year or one half of one per cent for
a month at total interest cost of 66 cents, thereby saving \$6.02 or approximately one half
of one months water bill each year. This is a small matter to most people however, and
they overlook these little ways of saving money.

WE WANT ONLY REGULAR RENTALS. We are not in the interest collect'ng
business. YOU PAY US PROMPTLY AND YOU SAVE MONEY, while we save extra
work and worry. The less time we are required to spend in our accounting department
the more time we have for improving and bettering the service. Let's help each other.
You pay promptly and we will do our share by bettering the service wherever we can.

Hello Boys!

Make Lots of Toys

You ought
to see the
good times
boys have
with Erector,
building brid-
ges, towers,
aeroplanes,

battleships, machine shops, saw
mills and hundreds of other big
steel models—many of them run by
the Erector motor (free in most sets)

ERECTOR

The Toy Like Structural Steel
Give your boy a set of Erector.
It's the only construction toy with
girders exactly like the real
structural steel. Come in and see
our interesting Erector display.

A WOMAN'S BACK

The Advice of This Charleroi Woman
is of Certain Value.

Many a woman's back has many
aches and pains.
Oft times 'tis the kidneys' fault.
That's why Doan's Kidney Pills
are so effective.
Many Charleroi women know this.

Read what one has to say about it:
Mrs. Fred Jackson, 207 Prospect
avenue, Charleroi, says: "I was trou-
bled by a constant backache. If I did
a little extra work the pain in my
back was intense. I didn't rest well
at night and got up in the morning
lame and stiff. If I stooped, sharp
pains caught me and I could hardly
straighten. I also had rheumatic pains
in my back and arms and I couldn't
do any sweeping. Dizzy spells and
hot flashes bothered me terribly. As
Doan's Kidney Pills had been used in

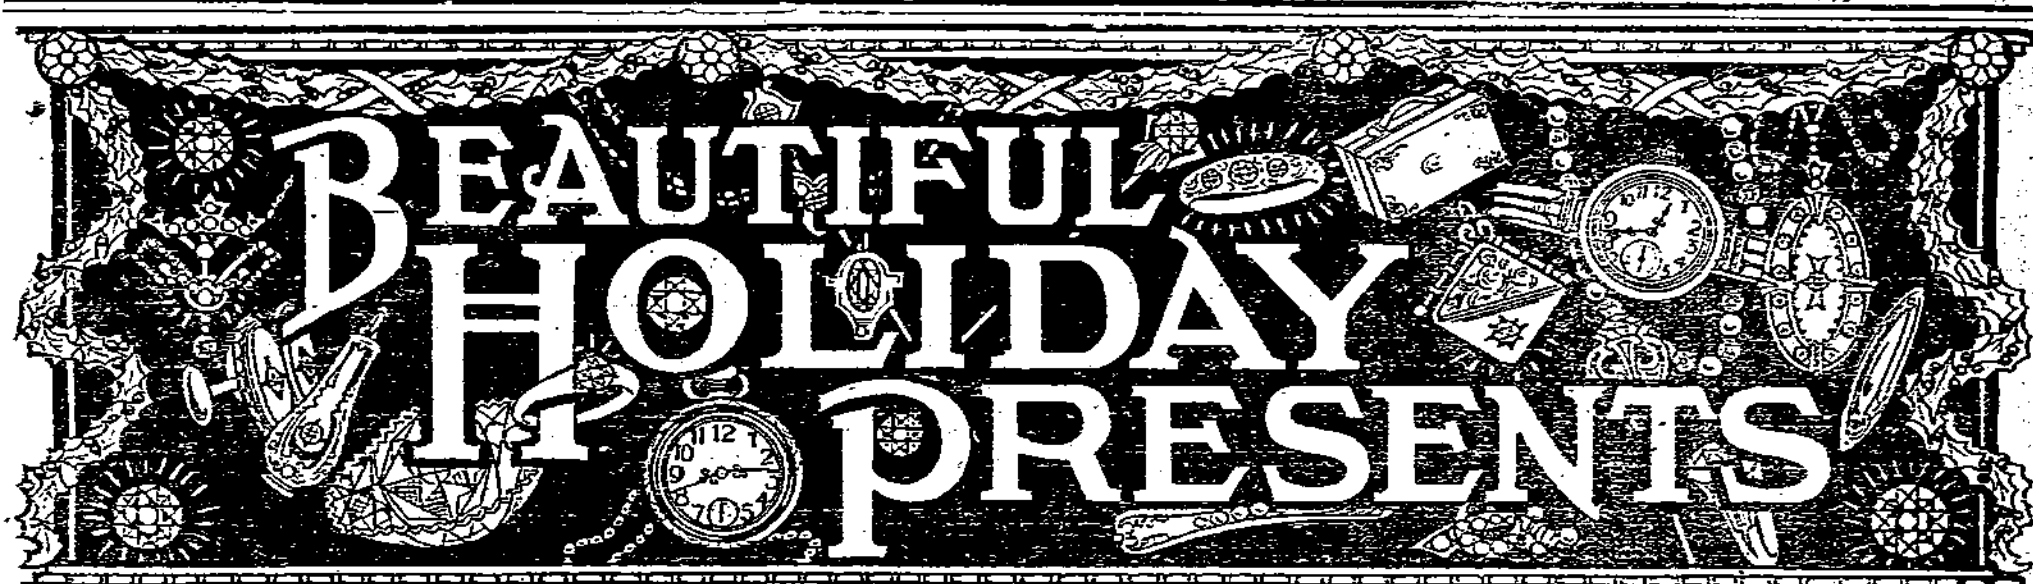

the family, I got a box at Piper Bros.
Drug Store and began taking them.
One box practically cured me."

Price 60c at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
cured Mrs. Jackson. Foster-Milburn
Co., Props., Buffalo, N. Y.

We will accept any \$50 Liberty
Bond as full payment for \$55 worth
of Furniture. Zeidman Furniture
Store 404-406 Fallowfield and 401
McKean avenue.

NOTICE
The annual meeting of the stock-
holders of the Charleroi Telephone
company will be held in the Company
office, 409 McKean avenue, Charleroi,
Pa., on January 15, 1918, at 2 p. m.
for the election of a board of direc-
tors and transacting such other busi-
ness as may be brought before the
said meeting.

**HORLICK'S
THE ORIGINAL
MALTED MILK**

Made from clean, rich milk with the ex-
tract of select malted grain, malted in our
own Malt Houses under sanitary conditions.
Infants and children thrive on it. Agrees with
the weakest stomach of the invalid or the aged.
Needs no cooking nor addition of milk.
Nourishes and sustains more than tea, coffee, etc.
Should be kept at home or when traveling. A nu-
tritious food-drink may be prepared in a moment.
A glassful hot before retiring induces refreshing
sleep. Also in lunch tablet form for business men.
